TO THE INHABITANTS OF THE TOWN OF SANDWICH, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Town House in said town, on the second Tuesday of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose a Town Clerk for the year ensuing.
2. To choose all other necessary town officers and agents for the year ensuing.
3. To see if the town will vote that no appointment shall be made of any agent or agents for the sale of spirit for the year ensuing.
4. To raise such sums of money as may be necessary to defray town charges for the year ensuing.
5. To see if the town will vote that the highway taxes shall be paid in money and expended in repairing the highways under the direction of the selectmen by contract or otherwise.
6. To raise money to make and repair highways and bridges.
7. To raise money for breaking or cutting snow on road leading to Thornton.
8. To raise money to pay interest on town bonds and reduce town debt. Also to see if the town will authorize the selectmen to redeem bonds with money in the treasury not otherwise appropriated.
9. To see if the town will vote to raise money to pay interest on the school fund note for the year ensuing.
10. To see if the town will vote to raise money for the support of schools in addition to the sum required by law.

11. To see if the town will vote to raise money to defray the expenses of decorating the graves of soldiers.

12. To raise money to purchase text-books and other supplies used in the public school.

13. To see if the town will elect a board of library trustees and appropriate the money necessary to secure the gift of one hundred dollars worth of books from the state.

14. To see if the town will vote to raise money to repair the town house.

15. To see if the town will vote to raise money to build a new town hall.

16. To see if the town will authorize the selectmen to sell the J. W. Blanchard place.

17. To see if the town will vote to adopt the "Australian Ballot" system at our annual elections.

18. To see if the town will vote to discontinue the following highways or any part or section of them. The highway leading westerly from the Jacob H. Pike place (now owned by N. H. Burrows) as far as the road is laid out. The highway leading northerly onto Beede hill from the Lyman Thompson house, as far as the road is laid out. ANNUAL REPORT

OF THE

SCHOOL BOARD.

Time marches onward never backward, calling us again to render to the inhabitants of the school district of Sandwich an account of our stewardship. It is a pleasure to say that our schools, with hardly an exception, have enjoyed a year of general prosperity. Not that they have been perfect, nor will they ever be in all points; yet we claim the preponderance of evidence proves them successful. If you question the truth of the above statement, search the records, ask the parents who have visited the schools, compare the present standing of our boys and girls with that of city boys and girls, of the same age, who have had twice as many weeks of school, and see if their knowledge of solid facts underlying a common school education will not bear the test.

PHYSIOLOGY AND HYGENE.

Our teachers have been examined in "physiology and hygene with special reference to the effects of alcoholic drinks, stimulants and narcotics upon the human system" and are required to teach it. Smith's physiology has been placed in the hands of all our teachers as a text-book or book of reference on that subject. Where the scholars are sufficiently advanced they take it up as a study, but in most cases we have to depend upon the teacher to give oral instruction using our text-book, a set of five charts furnished them upon this subject with all the other books and aids they can procure to assist them in giving the topical instruction best suited to their minds.

REPAIRS.

The town raised one hundred dollars last year for permanent repairs. It was used in shingling the Centre, Fellows and Whiteface school houses. In moving the woodshed from former district No. 2 to East Sandwich. In building a privy at the Ethridge and in making sundry needed improvements. A much larger sum could be used for the comfort and well being of our children, yet the annual appropriation of the above sum will keep the ten school houses used by us in a presentable and perhaps satisfactory condition.

ADVANCEMENT.

Without advancement there is no true life. A school that is not advancing a little year by year, if not dead is surely at a low ebb. To follow in the same old ruts means gradual decay. Hence the necessity of new books and new methods in order to keep abreast with the times. A new speller known as "Reed's Word Lessons," has been introduced by us the past year to the satisfaction of all requiring its use. Our teachers realize more and more the advantage to the pupils coming from written examinations in the different branches they take up. Combining this with the topical method of teaching History and Geography we are able to report decided advancement in those directions at least. One of the greatest hinderances to advancement is through the indifference of parents to the regular attendance of their children. By neglecting to send them to school regularly they are rendering the schooling which the children receive much less valuable (for which nine out of every ten blame the teacher) besides laying the foundations for habits of carelessness and inattention that will be an obstacle to them in what ever they may undertake in after life.

SUMMARY.

We have been able the past year to increase the length of all our schools one week. The most of our schools were supplied with experienced teachers: where this was impractical young teachers were employed with satisfactory results. In the fall

sickness made it necessary for Flora Blanchard to give up the North Sandwich school at the close of one week and R. H. Thompson the Great Rock school at the completion of the seventh week; happily successful teachers were engaged at once to carry on the good begun work. For the good advancement already obtained; for the present prosperous condition; and in the future bright outlook for our schools, the inhabitants of this town are largely indebted to the earnest loyal work of our teachers.
